ANCESTORS OF PALESTINIAN LIBERATION

***Ancestors of Palestinian Liberation* is a project aiming to uplift, learn from and celebrate the lives and work of Ancestors that have shaped the diverse and resilient fabric of Palestinian culture - past, present, and forthcoming.**

In light of western attempts at historical erasure, this project serves as a tool to bring Palestinian names, faces, and histories into everyday spaces. Let us learn from the stories and voices of these Ancestors to further deepen our understanding of Palestinian contributions to our world today.

Ancestors features seven Palestinian social, cultural, and political icons: one individual for each of the decades that has passed since the *Nakba* (Catastrophe) of 1948. Each figure's biography briefly describes their connection to the *Nakba*, their life's work, and their enduring legacy. The project also provides a glossary of relevant terms and a list of resources for further learning towards a more holistic picture of the depth of their work.

In the face of immense, long-term adversity and ongoing colonization, Palestinian courage, brilliance, and creation persist:

Fadwa Tuqan *The Poet of Love and Pain*

Ghassan Kanafani *The Fearless Writer of Resistance and Truth*

Naji Al Ali *The Timeless Palestinian Conscience*

Mahmoud Darwish *The Poet of Palestinian Identity*

Rim Banna *The Voice of Palestine*

Edward W. Said *The Voice of Palestinian Self-Narration*

Razan Al Najjar *The Angel of Mercy*
